Angie Easter asked about tire prints in her yard coming from the apartments and was told she must settle this with the owners of the apartment if she has proof. Also has a large hole along her property that would belong to the state. So sorry the town can not do anything about either problem.

Carl Hescht was present to ask about the parking situation at his property. He has a wagon that when sitting out front of his property (on town property) keeps Rick Stover from parking the camping trailers that he brings home from his job from parking in his driveway. Mr. Hescht was told to try to settle the problem without involving the town because if the town has to get involved it will be making decisions involving the whole town. He was told that he can not block Mr. Stover's driveway and to move his cars one way or the other to allow him to do so.

Marlane Carr presented two sizes of stones that could be placed on the unmarked graves at Beech Grove Cemetery. She is in the process of raising money to do this and will advise the town when complete. All agreed on the one size marker costing \$142.00 per marker.

All business being complete at this time, the council adjourned at 8:40 PM.
