Lynda reminded council that we have a meeting with Tim LaFon, Tuesday evening at 6:00 PM in the conference room. This will be a workshop.

Cam has received complaints on speeding on Eleanor Circle. The police department will be notified. James Moore commented speeding at the Industrial Park around 3:30 PM. The police department will be notified about this area too.

Tim Parsons asked about locking the gates at the lower park. That gate hasn't been locked for years. More damage to the park occurred when the gate was locked. The only time it is locked now is during flooding to prevent cars from driving into the high water.

He also asked about the port-a-potties and was told that the lift station is down in the area. Will remove once that has been repaired.

Nothing further to come before council at this time, the meeting adjourned at 8:00 PM.
