Other/Miscellaneous discussions that are not required to be a part of the official minutes, but the governing body choose to include with the minutes:

-The board discussed adding a step for a contractor to clean out the creek at Marble Drive whenever the project is to move forward. The Sewer Board/Town does not have the manpower to be able to clean out the creek and it may be easier for have a contractor do that work if they are already performing work to replace the drain. This will be discussed again after we have more information from Jimmy Calhoun.

-Sue and Joe Boston were present at the Sewer Board meeting to request approval for a drain pipe by the road on their property. Cam will ask Carl and John to take a look tomorrow to see if this would cause any issue. If not, he will give the approval.
