**Other/Miscellaneous discussions that are not required to be a part of the official minutes, but the governing body choose to include with the minutes:**

- Cam updated the board on the status of the American Recovery Act funds that the town and Sewer Board are expected to receive. At this point, the funds have not been received and no further guidance has been given by the state.
- The board discussed a situation where a new construction home owner purchased a grinder pump that is not the one recommended by the engineers who designed the system. Cam will contact the owner and inform them that they will need to switch out the grinder pump for the eOne grinder pump that is recommended.
- The board discussed the situation at the Camelot where the management are allowing their residents to pile up tree limbs and other debris. This pile is partially blocking our access to our station. If this fully blocks the access road it would be difficult to get a vac truck into that area in case of an emergency. Cam will contact the owners directly and try to get this resolved.
- Cam informed the board that we need to begin thinking about purchasing a new sewer truck. Tom asked if the Recovery Act funds could go towards this but it is unknown at this time if it can be spent on vehicles or not. The board will discuss this further at a future meeting.
