Meeting Start Time: 7:45pm

Meeting Location: Town Hall Conference Room

Members Present: Cam Clendenin, Steve McLane, Jack McLane & Tom Sheridan.

Motions, resolutions, ordinances and measures:

-The minutes from the previous meeting were approved on a motion by Jack, 2nd Steve and carried.

Other/Miscellaneous discussions that are not required to be a part of the official minutes, but the governing body choose to include with the minutes:

-The board reviewed a rough draft copy of a request form that residents can fill out to request for help solving drainage issues in areas that are not in a current town right of way. Several notes were made on the form to best help the board get information for them to prioritize and plan for any approved work. Changes will be made to the form and it will be reviewed again next month.

-JB Hedrick was present to discuss a potential concern if the Marble Drive culvert project was completed. Flooding happens in his back yard often and the more flow that would come from the culvert upgrade could cause even more issues. Cam said he will contact Jimmy Calhoun Engineering to review the area by the driveway to Nandels to Route 62 before proceeding with the Marble Drive work. Cam will also contact Senator Glenn Jeffries to assist contacting the DOT because there is an interim District Engineer who we have not been in contact with yet. Cam will follow up with the board and give an update to everyone at the next meeting.

-Cam notified the board that it is still unknown on when we will receive funding from the Relief Act. However, on July 16 we are supposed to receive additional guidance on how this funding can be used by the US Treasury Department. We will schedule a joint public meeting early August with Council, Sewer and Storm Water Boards to discuss the new guidelines.
