**Other/Miscellaneous discussions that are not required to be a part of the official minutes, but the governing body choose to include with the minutes:**

-The board reviewed the YTD Revenues and Expenses in along with the proposed service contract from PSD. The board had the opinion that the cost of the proposal would almost certainly require an increase in our sewer rates. Other options of hiring additional town workers were discussed as well. The board agreed that a discussion needed to happen on what the cost of either of those options would be on a monthly/yearly basis and then to determine if an increase would be necessary and how much that increase would need to be. Cam will bring information to discuss at the next meeting on the process of increasing the sewer rates and the board could go from there.

**Meeting End Time: 8:02pm**
