Storm Water Board
January 13, 2022 Meeting Minutes**

Meeting Start Time: 7:30pm

Meeting Location: Town Hall Conference Room

Members Present: Cam Clendenin, Jack McLane, Steve McLane & Tom Sheridan.

Members Absent: Joey Tolley

Visitors Present: Richard Rittenger

Motions, resolutions, ordinances and measures:

-The minutes from the previous meeting were approved on a motion by Jack, 2nd by Steve and carried.

-No bills were due at the time of this meeting.

Other/Miscellaneous discussions that are not required to be a part of the official minutes, but the governing body choose to include with the minutes:

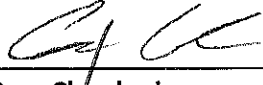

-The board discussed updates and possible timeline on the homeowner request projects. The project behind the Allen house on Roosevelt has been approved to move forward by the board, we just need to get quotes on performing the work by a contractor, have the homeowners needed to sign off on the Hold Harmless Agreement, and then to give a final vote for approval once the cost of the project is known. Cam will contact Parsons contracting and try to get a quote prior to the next meeting.

-The board agreed that we need another contractor to take a look at the creek between Marble and Roosevelt Blvd. to get a better idea of how we should proceed and a cost comparison. Cam will have Parsons look at this too. Cam will contact Dan Burns to discuss different pipe options that can be used to fit our situation.

-The board has only agreed at this time to gain more information and cost estimates on the drainage project behind the Shamblin house between Ivywood and Kapock. Cam will also have Parsons look at this with the other jobs and then the board can discuss a plan and cost before voting to move forward or not.

-The drainage issue by the railroad tracks by the Withrow house. Cam said he spoke with Jerry Withrow a few days prior to the meeting to also give him an update. The first step in addressing this issue is to clear a path along our right of way from behind the town hall to behind Jerry Withrow's house. Cam said he hopes to schedule this sometime in February or early March while the vegetation is still dead in this area. That way it will be easier for Carl and John to clear.
