**Members Absent:** N/A

**Visitors Present:** See list

**Motions, resolutions, ordinances and measures:**

- The minutes from the previous meeting were approved on a motion by Steve, 2<sup>nd</sup> Jack and carried.
- No bills were due at the time of the meeting.

**Other/Miscellaneous discussions that are not required to be a part of the official minutes, but the governing body choose to include with the minutes:**

- The board reviewed the YTD revenues and expenses.
- Several residents from Cedar Hill were present to discuss a drainage issue on the creek that runs by Rimrock Drive to Marble Drive. This area is up stream from the upgraded pipe repairs that were recently made on the Marble Drive culvert and downstream from there. This issue has been getting worse over the years and seems to have began after the riprap was installed on the north side of Marble Drive on both sides of the creek for two homes. The area the riprap has stopped has now been filled with sediment and causing additional issues down steam. There are other areas further upstream close to where the town has installed riprap before that is now eroding the banks of the creek. The board said they will begin to solicit contractors to look at the work and will hope to have a plan in place by the next meeting that they can vote on.
