

Now Hiring: Building Inspector

The Town of Eleanor is currently accepting applications for a **Building Inspector**.

This position is responsible for:

- Reviewing building permit applications.
- Meeting with homeowners on-site to review proposed projects.
- Ensuring applications comply with all applicable Town ordinances.
- Communicating any questions or concerns regarding applications to the Mayor and, when necessary, presenting information to Town Council for variance requests.

Because building permit applications must be reviewed within **two business days** of being submitted to Town Hall, the selected candidate must have the flexibility to perform inspections and reviews as needed to meet this requirement.

Compensation will be discussed with qualified candidate(s) during the interview process. Historically, this position has been compensated with a **\$450 monthly stipend**. However, the Town is also open to discussing an alternative compensation structure, such as **payment on a per-building-permit basis**, depending on the selected candidate's qualifications, experience, and availability.

Please note that this is a **part-time position** and **is not eligible for Town employee benefits**, including health insurance, paid vacation, paid holidays, or other employee benefit programs.

If you have experience with construction, building codes, inspections, or related fields and are interested in serving our community, we encourage you to apply.

For more information or to obtain an application, please contact **Eleanor Town Hall** or stop by during normal business hours.
